ACTION MEMORANDUM

OFFICE OF THE DIRECTOR

Action Memorandum No. A-17

TO : Deputy Director (Research) Date 4 June 1962
Assistant Director for Scientific Intelligence
Deputy Director (Plans) - Attention: Chief, TSD

SUBJECT : Briefing of Defense Intelligence Agency on
CIA Technical Intelligence Activities

REFERENCE:

1. Attached is a letter that the Director sent to General Carroll regarding the organization of DIA and the DCI's desire that we support that agency to the extent possible. You will note the stress that the Director's letter places on technical intelligence gathering, analysis, evaluation and dissemination, as well as research.
2. We have set up for 10:30 a.m. Friday, 8 June, in the DCI's conference room (7 D 64) a briefing for Lieutenant General Carroll, Lieutenant General Quinn and Rear Admiral Frankel, the top three officers in the Defense Intelligence Agency. General Carroll indicated that before directing his planning officers to work in this field he would like to be apprised of our work in the more exotic collection areas.
3. Attached is a schedule for the briefing, copies of which have been sent to General Carroll. The briefing is designed to cover in the first hour the broad area of Agency activities in these fields, to be followed by questions and explanations in greater detail, according to the desires of General Carroll. I will arrange to have an over-all chart on the organization of the Agency available, and request that each of the briefers provide for whatever graphic assistance they will need.
